FOREST LAKES WATER COMPANY ANNOUNCEMENT

from the

New Jersey Department of Environmental Protection
Division of Water Supply & Geoscience

Dear Water Supplier,

We are pleased to announce that a revised Water Main Break Guidance document has been posted on our webpage (<http://www.nj.gov/dep/watersupply/pdf/wmb-guidance.pdf>).

Significant updates include:

- Addition of exceptions to non-reportable incidents section (a.k.a. courtesy notifications).
- Addition of Acronym list and useful links.
- Inclusion of web addresses for each county Health Department (Appendix B).
- New "Quick Reference Guides" for each WMB type.
- Referenced forms have been converted to stand-alone templates that are posted on our webpage and are accessible via hyperlinks throughout the document.
- Clarification of sampling requirements.

Additional Resources are available on our Emergency Response page at <http://www.nj.gov/dep/watersupply/emergency.html>.

If you have any questions regarding this document please do not hesitate to contact us at 609-292-2957 or at wsemergency@dep.nj.gov.
